1) The DG in his present communication states that it is not possible, when there are yet more than three months of the year to elapse, to state what the savings from the sanctioned budget will be But he expects however sufficient savings to meet the extra charges requir-ed before the close of the official year

Under the circumstances represented, the entire House rent of Rs 392 urgently required for the remaining months of the current year may be sanctioned & ordered to be met from General Savings in the Budget. SIR

× portion - With reference to my Docket No 10360/417 dated the 15th instant, I have the honour to inform you that in my letter No 9528/348 dated the 3rd June 1899 I requested Government that a sum of Rs 700 for house rent and Rs 950 for Contingencies might be sanctioned to meet applications which were then expected But Government was not pleased to sanction the additional provision It was ordered in Proceedings No 828-9/Ed 27 dated the 14th July 1899 that future applications would be considered separately if not reserved for another year I beg to state that the want of sufficient provision in the Budget has compelled me to ask Government for funds to meet the claims specified in the statement

⊗ Serial No 69 of Febry portion

× × Serial No 50 portion

accompanying my letter No 3051/368 dated the 24th February last quoted in the docket under reply. It will be seen from the statement that in the case of many of the schools thereon mentioned houses have been engaged already or higher rates of rent have been promissed for sanitary improvements effected in the buildings in a year of plague troubles at the suggestion of the department and the payment of enhanced rents has been already long delayed and cannot be deferred longer without causing hardship to the owners of the houses rented by the department I request therefore that a sum of Rs 392 which will be the amount of house rent payable before the close of the current year may be sanctioned from the General Savings of the current year's budget. It is not possible when there are yet more than three months of the year to elapse, to state as required in your docket under reply what the savings from the sanctioned budget will be at the close of the year. I fully believe however that in a budget with so many heads of expenditure savings to the extent of Rs 392 will occur The sanctioned allotments are seldom exceeded by this department, but when payments

the previous letter

have to be made for unforseen charges it is hardly possible not to apply to Government for the necessary funds.

2 The Contingent allowances recommended in the Statement may wait till the beginning of the next official year I request however that the necessary provision may be sanctioned for inclusion in the Budget for 1900-1901

3 I take this opportunity again to urge on the attention of Government the necessity of providing in the budget a sufficient amount over and above the immediate requirements of the department in regard to House rent and Contingent allowances to meet demands which may arise after the Annual Budget is sanctioned In fact until lately the annual budget always provided a margin for unforseen charges under the head of rents and contingencies This practice has been modified of late years, and only the sanctioned charges of June 30th are included in the coming years budget. Hence has arisen

. Should not be exceeded ~~not~~ especially 10

the necessity of making special applications to Government for additional sanctions under this head in the course of the year.

With the first of the letters read above the I Gt submitted a statement of Schools (both Anglo Vernacular & Vernacular) requiring house rent and contingent allowances at an

additional cost of Rs 1872 per annum to the State Funds, and requested that this extra charge be sanctioned for the current year from the General savings of the Education Budget, and that due provision ~~be~~ made therefor in the Budget of future years &c, also, requested that in addition to the above sum of Rs 1872, Rs 300 for Contingencies and Rs 500 for House rent be sanctioned for meeting applications for house rent and contingencies that might be received from the above Classes of Schools, during the remaining part of the current official year. Information was called for from the D. Gl as to the Savings expected from the sanctioned Budget of the current official

year and as to the amount that would be urgently required on account of house rent and contingencies during the current year. In reply the I.G.F., while explaining in the second of the letters read above, why it is necessary to apply to Govt for additional allotments for house rent and contingencies, from time to time, states that the contingent allowances recommended in his statement may wait till the beginning of the next official year, but that should not to the ~~and that the account~~ extent of Rs 392 has to be paid ~~of house rent payable~~ before the close of the current year, ~~will come up to Rs 392~~, and requests that this sum be therefore ~~sanctioned~~ from the ~~surplus~~ Budget of the current official year under which sufficient savings are expected.
